What is Live Action Role-Playing?

Live-Action Role-Playing (LARP) combines elements of storytelling with Improv Theatre into a fun-filled game for all involved.

Your portrayal of your character, the other players, and the scene described by the storyteller all weave together to unfold into a story enjoyed by all.

What do I need to play?

A character with a detailed background to aid you in portrayal and a completed character sheet, which can be found on our website!

What if I don't have access to a computer?

You can join us at our Domain Meeting on October 25th. It will be held at the Berry Hill Community Center at 6 pm. From Franklin (south of Nashville):
